

ARB ENGINEERED 4WD VEHICLE EQUIPMENT

The toughest of everything - for 4WD vehicles that go anywhere

FAIREY OVERDRIVE. Provides 5 extra gears including an overdrive top gear to offer the optimum gear ratio for economical touring.

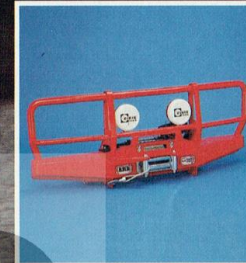

ARB LONG RANGE FUEL TANK. An absolute must for outback touring. This 170L marine grade alloy tank features anti-fuel surge baffling and ribbed panels for great strength.

ARB DIFF LOCK. This world-unique diff lock offers 100% traction in all conditions. Can be engaged whilst moving via dash-mounted electric switch. Front and/or rear.

ARB DUAL BATTERY SYSTEM. Our fully automatic system eliminates all the troubles caused by a flat battery and provides ample power for accessories.

ARB BULL BARS. Minimise damage, enhance your vehicle & provide maximum protection. Provision for CB aerials, towing hooks & lights are all standard equipment.

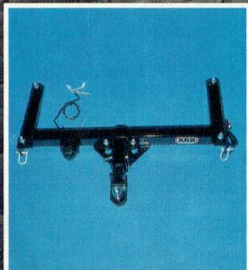

ARB TURBOCHARGER. A massive increase in power for safe, easy towing, overtaking & off-road adventure whilst maintaining reliability & fuel economy.

ARB RECOVERY EQUIPMENT. Snatch Blocks, Snatch Straps, Drag Chains, High Lift Jacks and much more. Equipment no 4WD should be without!

WARN WINCHES. The toughest, fastest, easiest to use and biggest selling winches available in the world. 8,000lb High or 10,000lb Low mount.

ARB TOWBAR. Securely mounted using high tensile bolts. Features include: Recovery Strap Connection points • 2,000 kg removable hitch • D' Shackle Eyes.
