WHITE LIGHTNING STRIKES TWICE

The Toyota LandCruiser normally makes more impact with its performance than its looks.

The limited edition White Lightning changes all that.

It is today's ultimate expression of the LandCruiser evolution: typical LandCruiser reliability and versatility with an extra helping of LandCruiser good looks.

We started with the Deluxe LandCruiser Station Wagon. Which means your choice of four litre, six cylinder, petrol or turbodiesel power plus five-speed manual transmission; power steering; limited slip diff; four speaker, touch-tune, stereo AM/FM radio/cassette and our recently upgraded suspension system.

Then we added a host of features aimed at turning heads and adding value.

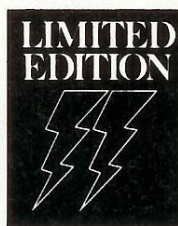

Outside you'll notice a distinctive all-white paint scheme, plus a white bull bar, bumpers, grille, wheel arch flares and mirrors. You'll also find Pirelli

Scorpion radials on wide, white ROH rims, driving lights and headlamp covers.

Inside you'll see the comfortable LandCruiser cabin has been dressed up with leather Momo wheel; central locking integrated with a car alarm; power windows; electric mirrors; a centre console and sporty bucket seats.

If all this luxury and good looks turn your head, the price will floor you. The rare and distinctive limited edition White Lightning LandCruisers start at under \$40,000*.

But the privilege of selling the small number

we've made has been awarded only to selected Toyota dealers.

Which means if you want the

chance of driving the country's top 4WD in its rarest and most attractive form, you'll have to act now. And

if you miss out, your Toyota dealer can still show

you the rest of Australia's **TOYOTA** widest range of 4WDs. **LANDCRUISER**

*Plus Dealer delivery, registration and statutory on-road costs.
